Larkspur Hub Refund Policy
Page 1 - Scope and money-back guarantee

This policy applies to self-serve purchases of Larkspur Hub Starter and Team plans. It is a fictional document written for a demo project. Larkspur Hub offers a 30-day money-back guarantee on the first purchase of a monthly or annual plan. To qualify, the refund request must be received within 30 days of the first charge. Plan renewals, whether monthly or annual, are not eligible for the money-back guarantee. The guarantee may be used once per customer.

The following are not refundable: additional seats purchased mid-cycle, usage-based overage charges, and professional services. Enterprise contracts are governed by the Master Services Agreement and are excluded from this policy. Customers who cancel an annual plan after the 30-day window receive a prorated account credit for the remaining full months of the term. The credit is not paid out in cash and expires 12 months after it is issued.

To request a refund, email billing@larkspurhub.example from the workspace owner account and include the workspace ID and the invoice number. Approved refunds are processed within 5 to 10 business days and are returned to the original payment method. Refunds cannot be redirected to a different card or bank account. Opening a chargeback instead of contacting billing will pause the workspace until the dispute is resolved.
